Scooters

Power Chairs

Founded over 18 years ago, Bruno Independent Living Aids, Inc.® is a U.S. company that manufactures a wide variety of different independence products to enhance the lives of those challenged to overcome limited mobility and accessibility. In pursuing this goal, Bruno is proud to be the only manufacturer of stairlifts, vehicle lifts, scooters, power chairs and Turning Automotive Seating (TAS) in the U.S. to become ISO 9001 certified. This is one of the most stringent and widely recognized quality standards in the world. It is your assurance that Bruno is committed to provide you with the finest products of their kind in the industry. Ask your certified Bruno dealer for details on all Bruno independence products.

POWERED
STAIRLIFTS

BRUNO

introduces the *Electra-Ride Elite*
straight rail stairlift featuring:

- ♦ more seating flexibility
- ♦ more compact design
- ♦ a cleaner look.

Clean, Compact, *Adjustable*

Flexible Seating

No matter what challenge you face, the Electra-Ride Elite seating can be adjusted to meet your needs. The seat height can be adjusted from 19 inches to 24 ½ inches. The footrest can also be adjusted to make the unit even more comfortable. The armrests independently flip up for easy wheelchair transfer.

Compact

Your guests will get up and down the stairs with ease after the unit is installed. **The Electra-Ride Elite rail is only 5 inches off the wall!** The seat and arms of the carriage flip up out of the way when the unit is not in use.

Clean Design

The unique yet simple design of the rail hides the mechanical components keeping the grease and dust away from you and your clothes.

Reliable Operation

The Electra-Ride Elite's uses two 12-volt batteries that are continuously charged by a state-of-the-art battery charger that plugs into any household outlet.

Bruno's leading edge technology assures you access up and down the stairway even if the electrical service in your home is interrupted.

The arms, seat and footrest flip up, creating plenty of space for guests to walk up the stairs.

The Electra-Ride Elite's hidden rack and pinion drive system provides a smooth ride, without hesitation when the unit stops and starts.

BRUNO
Electra-Ride Elite™

Safe and Affordable

*Your lifestyle does not have to be limited by stairs.
So enjoy the home you love, upstairs and down.*

Safety

You will be totally at ease on your Electra-Ride Elite. When traveling on the stairs, the Elite will sense any obstacles and automatically stop. When you want to get off the unit upstairs the seat easily swivels so you face the hall. A retractable seat belt is standard. The Electra-Ride Elite meets all ANSI A-18.1 residential requirements, as well as all public building specifications with the optional commercial package.

Less Costly

Electra Ride Elite is simpler and less costly to install than other units because with battery-power there is no need to install additional electrical outlets.

The arms flip up out of the way for easy wheelchair transfers. The swivel seat lever is conveniently located under the arm.

The two wireless call/send controls make the installation simple and clean with no wires running along the wall.

Electra-Ride Elite™ SRE-2000 Specifications

Exceptional Value

- ◆ Locking swivel seat, at the top and bottom of the stairway.
- ◆ Two remote, wireless call send controls.
